## It's a MIND Thing

- Entrepreneurship begins in the mind

- It takes FAITH
- It takes confidence & belief in self
- It takes teamwork
- It takes a positive attitude

## Believers Can Change the World

- Prince of Egypt 'There can be miracles when you believe. Though hope is frail, it's hard to kill. Who knows what miracles we can achieve. When you believe, somehow you will. You will when you believe.
- Everything we see came out of the mind of man. Everything begins with a thought. There is no limit to imagination, creativity and innovation.

## Believers can Change the World

- All limitations are in our mind.
- Whether you think you can or you can't, you are right.
  - Henry Ford
- The key to this is vision & visualization

## Vision & Visualization

- Vision is the result of dreams in action
  - Joel Barker 'Power of Vision'
- Vision without action is merely a dream
- Action without vision just passes the time
- Vision with action can change the world.
  - Barker
- A positive vision of the future is the most powerful motivation for change you and I possess.

## Vision & Visualization

- Fred Polak's Research on nations
- 'Significant vision preceded significant success'.
- 'Many of the nations as they began their climb to greatness did not have the right resources, nor the critical population base. They didn't even have an obvious strategic advantage. What they had in common was a powerful vision of their future and the nation acting in concert made the vision a reality'.
- 'Nations with vision are powerfully enabled, nations without vision are at risk'.

## Faith the Foundation

- 'Faith is the substance of things hoped for the evidence of things not seen'.(Heb. 11.v.1)
- You must be able to see it in the mind's eye (visualize) and believe in your heart that it is possible and trust God. With God ALL things are possible.
- Faith without works is dead. Vision without action is merely a dream.

See it, believe it, experience  
it

## Practical Action to Back up Faith

- Secure the base by building a solid foundation – critical to success.
- The institution is a single body ... not fragmented departments but a series of processes through which the students are recruited, trained, developed, graduated; through which the plant is maintained; through which staff is developed, served and provided for.

## Practical Entrepreneurial Ideas/ Actions

- Positive & profound vision is a critical success factor
- Faith is the foundation but must be backed up by practical actions.
- All the tools and resources we need are available to us.
- 'Whether we think we can or we can't, we are right'.
